

Water and Sewer Committee Meeting

09/27/17 at 7 pm

Constant, Sellers, Nier, Diedrich, Dale from TEST, Pete from EEI

*Discussion of future water bill changes

Will be collecting info in coming months

*Tower Report

EEI presented the water tower report comparison from 2012 to 2017 report

-Interior wet has gotten worse than was in 2012

-Paint was originally done in 1987

+discussion of possible paint repairs since

Most urgent area that needs addressed in Interior Wet per EEI

Cost Estimate would be in the area of 500,000

Funding options

1. EPA loan
2. Bank Loan
3. Bond

*Watermain replaces

EEI suggested to look at frequency and areas of concern

Public works has been compiling data for several years.

Upcoming EPA mandate

Lead service inventory (possible May 2018)

*Smoke Testing

Last project

Nov 2015

Need to make sure that previous project areas of concern have been addressed

EEI to get a better cost but for south of 30 estimate was about 10,000

Test Suggested to start doing water meter and sump pump inspections

Add a comment on water bill to make sure that sump pumps are not connected to sanitary sewer

*WWTP Computer changes

Test to get better price on non warranty items and what is going to be warranty

*Valve stem replacement

Need to replace two stems in WWTP

Send to be on agenda not to exceed 1500.00

NEW BUSINESS

Still awaiting report on VFD from WWTP blowers

Adjourn at 9:30
